Dedication

A name is just a word or words that someone or something is distinguished from others by. A name is something that everyone has, and never changes. Last but not least, a name is an illustrious or outstanding person. One name comes to mind when I think of both "dedication," and "outstanding."

The name that we all think about when we hear these characteristics shall never be forgotten. This teacher has a divine love for religion, and for music. She always has a smile on her face, and we can always go to her for advice. The knowledge that she holds inside her is sufficient enough for all of us to know just a little more about our Lord. She's always talking about music, and her favorite bands. She's passionate, funny, outgoing, and most of all, reverend at all costs. With great appreciation, and the utmost respect, the Class of 2006 dedicates our senior yearbook to Ms. Lynette White.

Ms. White came into our St. Bernard's community in the fall of 2003. She hasn't been here long, but nothing has stopped her from getting involved with as much as she can. Along with Mrs. Gauthier, Ms. White is the co-advisor for the class of 2007. With her abundant ideas, and personality, the class of 2007 is privileged to have her as an advisor. She is also the advisor of the Improv Club, an activity where you can pretty much just let go, say what you want on stage, and most of all, have a fun time.

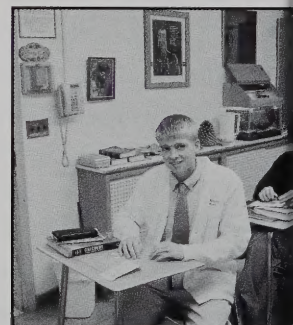

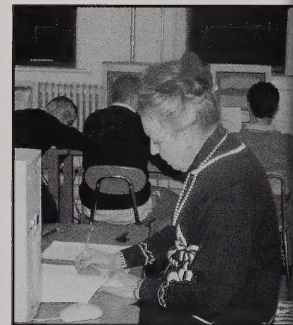

Not only is she an advisor of the class of 2007, and the Improv Club, but she both founded and is an advisor for both the guitar club, and the STBCCHS Historical Society. The guitar club is where kids come together and play guitars or bass and have a great time. With her knowledge for music, and her incredible patience, she makes this club one of the most fun, and successful clubs in the school. The Historical Society, a new club this year to St. Bernard's is where people get together and talk and reminisce about our wonderful school's history. Ms. White became the founder of that club in the Fall of 2005.

Ms. White's stories in class, and her jokes always keep us laughing. Her knowledge for religion, and her love for music has made her one of a kind, and a treasure here at St. Bernard's High School. She will always be remembered and most importantly, never forgotten. Thank You Ms. White for everything that you have done for us, and the school. We Will Miss you, and God Bless.

Juniors

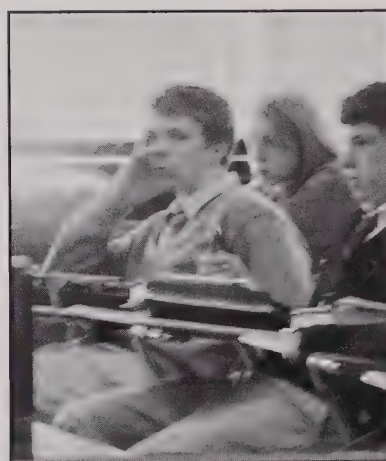

The class of 2007 has come together throughout the past years with many lasting experiences.

These past three years have brought on Christmas dances, the Sophomore Barbeque, the Junior Ring Ceremony, Prom, as well as some tough times.

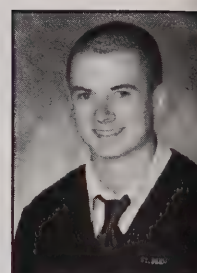

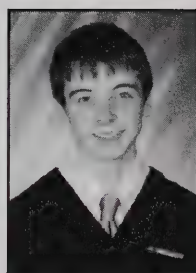

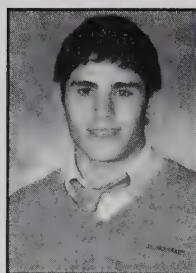

As a class, these will be times we look back on for comforting memories and laughter.

As we approach Senior year all our unique talents whether it be in academics, athletics, arts, theater, or companionship will be combined to form a very diverse class.

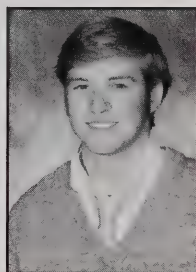

Remember to cherish this upcoming year because it will be our last opportunity to share memories with each other before we go our separate ways.

Sophomores

Two elections, several fundraisers, and countless memorable moments have gone by since our class first came to St. Bernard's High School.

Over the past couple years our class spirit and unity has grown tremendously.

New friendships have formed and obstacles have been over come.

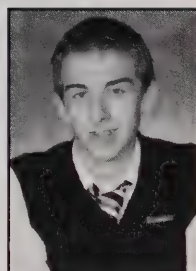

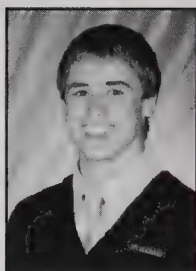

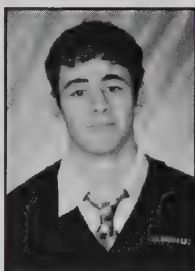

Our class treasury has grown for various class events by selling refreshments at school plays, raffling off a Red Sox basket, and selling flags on the Fourth of July.

Our Junior year is bound to be a successful, exciting, and fun as our last two years.

Freshmen

*Freshmen year,
the beginning of a new adventure
and a new time in our lives.*

*Over the next four years,
friendships will begin and end,
and our class will come together more and more.
We will look back and laugh at the times
we couldn't get our lockers open,
or the fact we walked around carrying
just about every book in our locker.
And in four short years, we will look back
and remember this unforgettable year.*

*Why God Made Teachers
When God created teachers,
He gave us special friends
To help us understand His world
And truly comprehend
The beauty and the wonder
Of everything we see,
And become a better person
With each discovery.
When God created teachers,
He gave us special guides
To show us ways in which to grow
So we can all decide
How to live and how to do
What's right instead of wrong,
To lead us so that we can lead
And learn how to be strong.
Why God created teachers,
In His wisdom and His grace,
Was to help us learn to make our world
A better, wiser place.*

Guitar Club

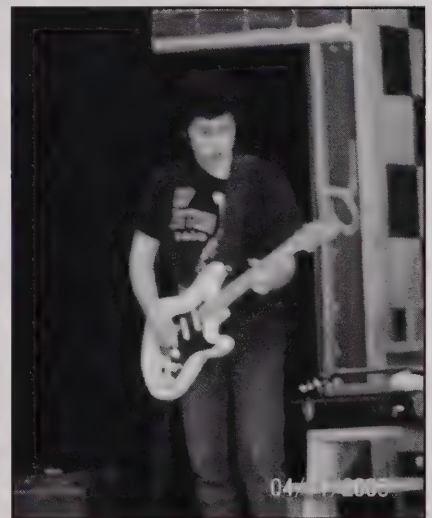

St. Bernard's Guitar Club meets Sergio and Odair Assad after the concert.

February 7 concert at Tuckerman Hall in Worcester featured the preeminent Brazilian guitar duo.

The Assad brothers have recorded and performed around the world. The Guitar Club enjoyed a fabulous opportunity to hear some really special music!

Campus Ministry

This year under the guidance of Mr. Driscoll, Campus Ministry has come a long way. Under the leadership of President Josh Grzyb, Vice President Kayla Robillard, Treasurer Tom Misilo, Historian Brenna Woods, and Secretary Ryan Bailey, Campus Ministry has continued its mission of serving the school. Some events sponsored by Campus Ministry was bringing Tatiana here for her moving concert, the one ton

winter food drive, and in helping groups such as Catholic Charities and CareNet. Campus Ministry is very pro-active in Pro-Life by Marching in Washington D.C., the Pro-Life Baby Shower, and The Third Chair™ Campaign traveling its way to become a registered trademark. The Campaign is to remind every person that one out of every three pregnancies today ends in abortion.

Y.E.S.S. Retreat Team

Every year, the Youth Embracing Spiritual and Service (Y.E.S.S.) Retreat Team runs a retreat for the freshman class. The team worked tirelessly throughout the summer and into the beginning of the school year getting ready for this retreat. By changing previous retreats and incorporating new idea's, they made a retreat to remember for the freshman.

Meaghan, Congratulations! You are beginning a new chapter in your life. We know that you will not only do well in college, but that you will excel in life. As you move on remember these wise words of advice:

~ If any one faculty of our nature may be called more wonderful than the rest, I do think it is memory. There seems something more speakingly incomprehensible in the powers, the failures, the inequalities of memory, than in any other of our intelligences. ~

~ But when a young lady is to be a heroine, the perverseness of forty surrounding families cannot prevent her. Something must and will happen to throw a hero in her way. ~

Though hard, we will
try.

You've grown up so much
In these 18 short years.
You've been finding your way
Through smiles and tears.

Decide what you want
Then follow your plan
Experience as much
As you possibly can.

Travel the world
Stay close to your friends
But be true to yourself
Right to the end.

You have so much to offer,
So much to give.
Let God be your guide
As long as you live.

We'll always stand by you
We know you'll succeed.
Don't ever forget
In yourself to believe.

We're so proud of you Molli
And all that you do
Remember your family
Will always LOVE
YOU!

To Our Daughter Virginia Crystal Huntoon

Congratulations on completing your 14th year of St. Bernard's! (Pre-K thru 12th) It's hard to believe that 18 years could fly by so quickly! We are so very blessed to have you for our daughter. Throughout your life you have brought us so much happiness. We couldn't love you any more if we had to. You are truly an amazing person, an awesome daughter, a great "sis", a wonderful student, and a terrific dancer! You're a joy to be around, your smile just lights up any room you are in.

Remember to always follow your dreams, and nothing is ever out of your reach if you want it badly enough! Sometimes life will be easy for you, other times not so easy, life is full of surprises. You can get through anything as long as you think things through, work hard and remember to always let God into your life, he will help you a lot throughout your life. And of course we will always be there for you when you need us, sometimes even when you don't!

Stay as sweet as you are now, don't ever change for anyone. You have an awesome life ahead of you, a new beginning in college, no more uniforms! Life can be whatever you make of it, and we know you will make it GREAT!

With all our love,

Love you tons & tons

Emily,

On the morning of May 5, 1988, we received a phone call telling us all 4 plus pounds of you had entered our world. You
were so tiny but made our hearts swell with pride!

We have had many happy moments because of you... your baptism at St. Anthony Church, many functions at St. Leo
School including your 8th grade graduation, and going on to SBCCHS. Over the years, we have shared many holidays and
family gatherings.

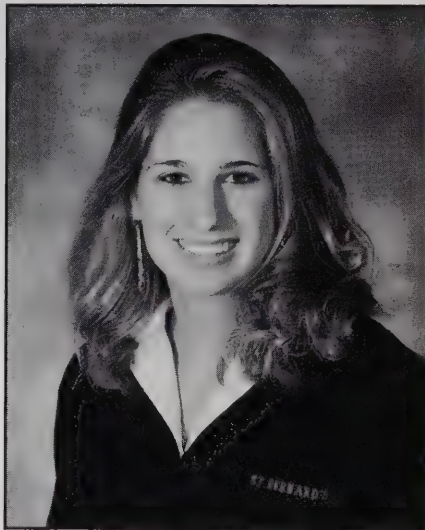

Through the years you have become a great person ... caring, loving, understanding, and also a good student whom has
benefited from good teachers and schooling.

You have an extended family whom all love you immensely. You also have been fortunate to have been born to such good
parents.

We wish you well in whatever the future holds. We especially love sharing hugs.

Love ya,
Papa and Grammie

CONGRATULATIONS KAYLA!

You have filled our lives with love and joy. We could not pos-
sibly be more proud of you and the young woman you have be-
come. You are beautiful inside and out! Aim high and follow your
dreams. This is only the beginning!

With all our love,
Dad, Mom & Briae

CONGRATULATIONS...Staci Gannon and the Class of 2006! ! !

Staci, being your parents has been so easy.
We are proud of what you've accomplished.
We are even more proud of the woman and person you've become.
You've met all challenges with intensity and committment.

Celebrate your victories. Learn from your losses. Share your smile.
If the road to your goals is bumpy, enjoy it. The safe ride is boring.
The journey to your goals is almost always sweeter than the prize.
Savor the journey. Good times and bad. They are your treasures.

You are the best part of our lives. Treat yourself to your humor.
Now, take your successes and achievements to the next level.

From the day of your premature birth you have always persevered. It seems like yesterday that God blessed us with your very being. We have watched you emerge from a very shy, little girl and flourish into a very independent, intelligent, responsible, caring, respectful, witty, and brave young woman. You have surpassed our greatest hopes and dreams.

We are so grateful and privileged to be your parents; we're so very proud of you! We congratulate and salute you for all of your great accomplishments and endeavors.

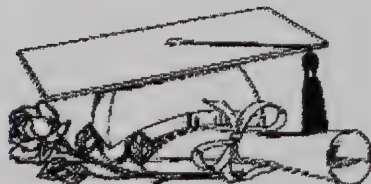

Remember to always live well, to love always, and to laugh often. Emily, follow your heart forever.

We love you more than any amount of words could ever convey. We are always here for you.

Now, go and take on the newest chapter of your life with all of the dedication and exuberance you have shown thus far.

All our love Mom, Dad and Cory

Lindsey,

Before you were born we had said that if our first born was a girl we hoped she would be bright eyed and spirited. You have been all that and more! As parents we have always tried to provide you with guidance and encouragement, but it is your own self determination that has provided the fuel for your growth. It is incredible to believe that this once little girl who hated the feel of sand on her feet will be attending college in the fall. We know that you had an absolutely wonderful experience at St. Bernard's and we cannot begin to tell you how proud we are of what you have accomplished in these very short four years. Cherish your memories, but look forward to the new challenges and excitement that awaits you. Remember we will always be there for you cheering you along as you go.

Every morning in Africa, a gazelle wakes up.
It knows it must run faster than the fastest lion or it will be killed.
Every morning a lion wakes up.
It knows it must outrun the slowest gazelle or it will starve to death.
It doesn't matter whether you are a lion or a gazelle.
When the sun comes up, you better start running.
